

LISTENING AT HOME

Tips to help your child during this time of home learning

MAKE SURE EQUIPMENT IS WORKING

- Clean earmolds daily
- Change batteries when dead
- Do a listening check

WEAR DEVICES AT ALL TIMES

- Eyes open, ears on!
- Focus on improving wear time, if not already a full-time user.

LISTENING ENVIRONMENTS

- Minimize distractions, when possible
- Have your child listen in a quiet setting (e.g. bedroom away from others)
- Good lighting in the room

HEADPHONE USAGE

- Over the ear headphones work best
- Position earphone over the hearing aid microphone
- If provided, use FM system with aux. cord
