11. All public bid openings hosted by CiTi are made available virtually via the Zoom platform. Bidders and members of the public can join the live bid opening virtually by sending an email request in advance of the opening date and time to: Cooperativebids@CiTiboces.org. Bidders and members of the public who wish to join the bid opening in-person must follow all visitor policy guidelines when present on CiTi property.
12. **For Sealed Bid Submissions:** Bidders must supply signed hard copies of their completed bids in a sealed envelope marked with the name of the bidder and the bid number on the front of the envelope to the address listed in the manner specified within the Bid Documents. *CiTi also strongly encourages the submission of the bid pricing (in excel format) on either a CD or flash drive along with the signed hard copies of all the required bid documents. Please refer to the “Instructions for the Submission of the Vendor Response Sheet” for information on how to properly fill out the forms.*
13. The CD or Flash Drive must be clearly labeled with the name of the bid, the bid number, and the bidder's name.
14. All express envelopes must be clearly marked with the words “Sealed Bid Enclosed” on the front of the outside envelope. This is important in assuring that the bid is delivered properly. The sealed bid envelope must be included in the express envelope.
15. **For Electronic Bid Submissions:** Bidders must supply a signed photocopy of the bid forms and a completed vendor response sheet (in excel format) via BidNet Direct. **Please refer to the “Instructions for the Submission of the Vendor Response Sheet” for information on how to properly fill out the forms.**
16. The proposal as presented shall remain valid for a minimum period of sixty days (60) from the date of bid opening.
17. Bidder must insert the price per unit as specified and the price extension accordingly against each item bid. In the event of a discrepancy between the unit price and the extension, the unit price will govern. Prices shall be extended in decimals, not fractions.
18. In order to ascertain that bid items conforms to the specifications, vendors should provide CiTi with stock numbers for reference during the analysis process. If CiTi is unable to verify that the item bid conforms to the specifications through a catalog, website or cut sheets, CiTi reserves the right to reject that item bid.

19. **BIDDERS PLEASE NOTE:** The words "Or Equivalent" shall be considered as added to each specification, except in instances where "ONLY" or "NO SUB" is stated. CiTi reserves the right to request samples of items where an equivalent is bid. **It is the responsibility of the bidder to notify CiTi when such substitutions are incorporated. Please note any substitutions on the bid form.** Please indicate your Catalog/Vendor Item Number in the space provided on the electronic bid form. **Vendors may be required to send catalogs to the School Districts if requested.** A vendor's website link to the vendor's 'up to date' online catalog may be accepted. The vendor's catalog/item number must correlate to the item being bid to verify conformity to the item specification. A bid item will not be accepted if the vendor's catalog/item number does not provide or link to the item's information as bid.
20. If the vendor is offering a substitute item with the same packaging as the items specified, the vendor shall provide the substitute information as well as the packaging information. **The bid software will not recognize the vendor substitute offer if the packaging information is not provided and will not evaluate the bidders pricing for that item. Failure to provide packaging information with a substituted item will result in the rejection of the bid item.**
21. If the vendor is offering a product with a different unit of measure than that which is indicated on the vendor response sheet, then the product is considered to be a substitute for data entry purposes. Therefore, the product information must be put in the last four columns related to Substitute: "Substitute Desc", "Subs UM", "Subs Unit Cost", and "Subs Qty".
22. The bidder shall not change or provide the bid sheets in a different format than the one provided. Any change in the electronic format will prevent the CD or travel drive from being read by the bid evaluation software and therefore will result in the rejection of the bidders' submittal.
23. The following three (3) forms are included herein and form a part of this bid proposal: 1. Bid Proposal Certifications (Non-Collusion Bidding Certification and Conflict of Interest Certification). 2. Exceptions or Limitations/Acknowledgement of Terms and Conditions. 3. Iran Divestment Act Certificate of Compliance. Failure to fully execute these three (3) statements will constitute grounds for rejection of a bid submission.
24. **The quantities provided are estimated monthly numbers. The contract will be for one year and may include summer nutrition programs. Quantities are best estimates based on current feeding programs, anticipated serving waivers, and anticipated feeding programs. COVID-19 could impact each school district's educational plan and feeding program. Quantities may increase or decrease based on this.**
25. The bidder shall state the discount that will be allowed the School Districts for prompt payment. In the absence of such stated discount, payment will be made approximately thirty days (30) after receipt of materials and invoice.
26. **All bids are to be on the basis of delivery prepaid to destination.**

27. CiTi reserves the right to waive any informality on bids received.
28. CiTi reserves the right to reject any or all bids and to re-advertise.

Orders and Delivery

29. Each participating School District or participant will prepare its own individual Purchase Order for its respective share of the bid. Quantities listed on the bid are from the school districts listed as active participants.
30. Delivery is to be made to multiple locations in each School District as per the attached Delivery Schedule. The Purchase Order shall designate the place of delivery.
31. Some of the participants have seasonal needs and ordering will be dependent on program scheduling.
32. No Charge will be allowed for cases, boxes, carboys, bottles, etc., or for freight expenses, expressage, or cartage.
33. Invoices shall be presented to each School District and participants for the quantities ordered as per the Purchase Order. **Invoices will come from the awarded vendor.**
34. Purchases made by the School Districts and participants because they are governmental agencies are not subject to any sales tax.
35. **After receipt of an order, the vendor agrees to call the district within one workday (1) concerning any out of stock items, shortages, or defect in the purchase order. If a district is forced to purchase out of stock items or items not meeting specifications from another vendor, the difference must be paid by the original vendor.**
36. During the scheduled delivery times, the vendor agrees to remove all damaged cases that are visible and all products that are found damaged upon opening, or products which do not meet specifications.
37. Pertinent information:
Damaged goods not removed by the vendor, as stated, will be regarded as abandoned and the district shall have the right to dispose of them as its own property. This condition addresses the following concerns:
 - a. Damaged cases discovered during and after delivery
 - b. Products that do not meet specifications
 - c. Storage of such items
 - d. Ownership of such items

In any of the situations mentioned, the vendor is required to pick up damaged goods at the time of delivery, and immediately issue credit. Additionally, if the discrepancies are not noted until after receipt of the goods, the vendor agrees to pick up the items on the next delivery. In either event, if the vendor does not adhere to these terms, the district gains title to the property and needs only to maintain a record of the delivery date and the item codes to be entitled to credit.

Force Majeure

38. The successful bidder shall not be held responsible for any losses resulting if the fulfillment of the terms of the contract shall be delayed or prevented by wars, acts of public enemies, strikes, fires, acts of God, or for any other acts not within control of the successful bidder and which by the exercise of reasonable diligence he/she is unable to prevent.
39. Products and quantities listed on the bid are CiTi's best estimate based on the projected instructional plan for CiTi and participating school districts. If CiTi or the participating school districts' instructional plans change due to unforeseen and/or a force majeure event, the actual quantities purchased might also change.

Award

40. Notice of Award shall be made to the successful bidder within sixty days (60) from the date of bid opening. The award for this bid will take place at the **June 18, 2025** CiTi Board Meeting.
41. Typically, this bid award is made in an **aggregate** manner. CiTi and the participants reserve the right to award this bid on the basis of lowest bidder by price, and to make the award on an aggregate basis, by line item, by groups of categories, or by a combination of items, in whatever manner is deemed to be in their best interest.

*Vendors should be aware that this is a **MILK BID**. An aggregate award will be to **the lowest aggregate bidder for the milk products**.*

42. Sales Items – When a bid item appears on a company sales flyer at a lower price, the lower price will apply to all bid participants.
43. CiTi guarantees no minimum or maximum purchases or contracts as a result of award of this bid. Although not listed as a participant, CiTi reserves the right under the General Municipal Laws of the State of New York, to purchase any goods awarded by the CiTi Board as a result of this bid in accordance with the latest amendments to NYS GML 100 through 104. However, it is understood that the extension of such contracts are at the sole discretion of the vendor and the vendor is only bound to any contract between the stated participants and the vendor. Additionally, CiTi reserves the right to purchase any goods included as a part of this bid from any means legally available to it at any time.
44. Savings Clause – The successful bidder shall not be held responsible for any losses or delays in the fulfillment of the contract terms resulting from acts of war, acts of public enemies, strikes, fires, floods, acts of God, or for any other acts not within the control of the successful bidder and which by the exercise of reasonable diligence he is unable to prevent.

45. CiTi/School District participants and the vendor will submit all complaints in writing to the appropriate party(s) within four (4) days of occurrence of any incident. 47. Any contract resulting from the award of this bid shall be for a term of twelve (12) months from the date of award. CiTi reserves the right to renew all or any part of this contract for up to a maximum of two additional, (12) twelve-month periods but not less than (1) one-month if agreeable by awardee(s) and by resolution of the CiTi Board of Directors.
48. **Failure to adhere to these instructions will constitute grounds for rejection of the bid.**

7. No alteration, erasure, or addition is to be made in the typewritten, printed, or electronic matter. Deviations from the specifications must be set forth in space provided in bid for this purpose.

21. The proposal as presented shall remain valid for a period of sixty days (60) from the date of bid opening.

SAMPLES

22. All specifications are minimum standards; and accepted bid samples do not supersede specification for quality unless bid sample is superior, in which case deliveries must be the same identity and quality as accepted bid sample.

23. CiTi reserves the right to request a representative sample of the item quoted

upon either prior to the award or before shipments are made. If circumstances do not allow for samples, please include information where the items can be viewed in an industrial or retail setting. If the sample is not in accordance with the requirements of the specifications, CiTi may reject the bid; or, if award has been made, cancel the contract at the expense of the successful bidder.

24. Samples, when required, must be submitted strictly in accordance with instructions; otherwise, bid may not be considered. If samples are requested subsequent to bid opening, they shall be delivered as directed for bid to have consideration. Samples must be furnished free of charge and must be accompanied by descriptive memorandum invoices indicating if the bidder desired their return and specifying the address to which they are to be returned provided they have not been used or made useless by tests. Award samples may be held for comparison with deliveries. CiTi will not be responsible for any samples destroyed or mutilated by examination or testing. The bidder at his expense shall remove samples. Samples not removed within fifteen (15) days after written notice to the bidder will be regarded as abandoned and CiTi shall have the right to dispose of them as its own property.

25. When a specification indicates that an item to be purchased is to be equal to a sample, such sample will be on display at a designated location in CiTi. Failure on the part of the bidder to examine sample shall not entitle him to any relief from the conditions imposed in the proposal, specification, etc.

AWARD

26. Awards will be made to the lowest responsible bidder, as will best promote the public interest, taking into consideration the reliability of the bidder, the quality of the materials, equipment, or supplies to be furnished, their conformity with the specifications, the purposes for which required, and the terms of delivery.

27. CiTi reserves the right to reject all bids. Also reserved is the right to reject, for cause, any bid in whole or in part; to waive technical defects; qualifications; irregularities; and omissions if in its judgment the best interests of the district will be served. Also reserved is the right to reject bids and to purchase items on State or County contracts if such items can be obtained on the same terms, conditions, specifications, and at a lower price.

28. CiTi reserves the right to make awards within sixty (60) days after the date of the bid opening during which period bids may not be withdrawn unless the bidder distinctly states in his bid that acceptance thereof must be made within a shorter specified time.

29. Where a bidder is requested to submit a bid on a total sum or sums, the right is reserved to award contracts on total sum or sums, whichever is in the best interest of CiTi.

30. If two or more bidders submit identical bids as to price, the decision of the board to award a contract to one of such identical bidders shall be final. (General Municipal Law, Sec. 103, Sub. 1)

CONTRACT

31. Each bid will be received with the understanding that the acceptance thereof in writing by the board, to furnish any or all of the items described therein shall constitute a contract between the successful bidder and the school district. Contract shall bind the successful bidder on his part to furnish and deliver at the prices and in accordance with the conditions of this bid.

32. The placing in the mail of a notice of award or purchase order to a successful bidder, to the address given in his bid, will be considered sufficient notice of acceptance of contract.

33. If the successful bidder fails to deliver as ordered, or within the time specified, or within reasonable time as interpreted by CiTi, or fails to make replacement of rejected articles, when so requested immediately or as directed by the school district, CiTi or school district may purchase from other sources to take the place of the item rejected or not delivered. CiTi or school district reserves the right to authorize immediate purchase from other sources against rejections on any contract when necessary. On all such purchases, the successful bidder agrees to reimburse CiTi or school district promptly for excess costs occasioned by such purchases. Should the cost be less, the successful bidder shall have no claim to the difference. Such purchases will be deducted from contract quantity.

34. A contract may be canceled at the successful bidder's expense upon nonperformance of contract.

35. Cancellation of contract for any reason may result in removal of the successful bidder's name from mailing list for future proposals for an indeterminate period.

36. Damaged Products – During the scheduled delivery times, the vendor agrees to remove all damaged cases that are visible and all products that are found damaged upon opening, or products, which do not meet specifications.

When materials, equipment, or supplies are rejected, they must be removed by the successful bidder from the premises of the school district within ten (10) days of notification. Rejected items left longer than ten (10) days will be regarded as abandoned, and the school district shall have the right to dispose of them as its own property.

Pertinent information: Damaged goods not removed by the vendor, as stated, will be regarded as abandoned and CiTi shall have the right to dispose of them as its own property. This condition addresses the following concerns:

- a. Damaged cases discovered during and after delivery
- b. Products that do not meet specifications
- c. Storage of such items
- d. Ownership of such items

37. In any of the situations mentioned, the vendor is required to pick up damaged goods at the time of delivery, and immediately issue credit. Additionally, if the discrepancies are not noted until after receipt of the goods, the vendor agrees to pick up the items on the next delivery. In either event, if the vendor does not adhere to these terms, CiTi gains title to the property and needs only to maintain a record of the delivery date and the item codes to be entitled to credit.

38. No items are to be shipped or delivered until receipt of an official purchase order from the school district. Each delivery must show a purchase order number on the outside of the package, unless otherwise directed by the Purchasing Agent.

39. It is mutually understood and agreed that the successful bidder shall not assign, transfer, convey, sublet, or otherwise dispose of the contract or his right, title, or interest therein, or his power to execute such contract, to any other person, company, or corporation, without the previous written consent of the school district.

40. Each bid will be received with the understanding that the acceptance thereof in writing by the board, to furnish any or all of the items described therein shall constitute a contract between the successful bidder and

the school district. However, CiTi or the School District(s) shall be under no obligation to purchase items until such time that a properly executed Purchase Order has been issued (see also item #62).

41. Contract shall bind the successful bidder on his part to furnish and deliver at the prices and in accordance with the conditions of his bid. Contract shall bind the school district on its part to order from such successful bidder and to pay for at the contract prices, all items ordered and delivered, within twenty (20) percent over or under the award quantity, unless otherwise specified, or impacted by funding conditions (see also item #40 and #62).”

INSTALLATION OF EQUIPMENT

42. The successful bidder shall clean up and remove all debris and rubbish resulting from his work from time to time as required or directed. Upon completion of the work, the premises shall be left in a neat, unobstructed condition, and the buildings broom cleaned, and everything in perfect repair and order. Old materials are the property of the successful bidder unless otherwise specified.

43. Equipment, supplies and materials shall be stored at the site only on the approval of CiTi or school district and at the successful bidder’s risk. In general, such onsite storage should be avoided to prevent possible damage or loss of the material.

44. Work shall progress to cause the least inconvenience to CiTi or school district and with proper consideration for the rights of other successful bidders and their workers. The successful bidder shall keep in touch with the entire operation and install his work promptly.

45. Bidders shall acquaint themselves with conditions to be found at the site and shall assume all responsibility for placing and installing the equipment in the locations required.

46. Equipment for trade-in shall be dismantled by the successful bidder and removed at his expense. The condition of the trade-in equipment at the time it is turned over to the successful bidder shall be the same as covered in the specifications, except as affected by normal wear and tear from use up to the time of trade-in. All equipment is represented simply “as is.” Equipment is available for inspection only at the delivery point listed for new equipment, unless otherwise specified.

GUARANTEES BY THE SUCCESSFUL BIDDER

47. The successful bidder guarantees:

- a. The product against defective material or workmanship and to repair or replace any damages or marring occasioned in transit.
- b. To furnish adequate protection from damage for all work and to repair damages of any kind for which he or his workers are responsible, to the building or equipment, to his own work, or to the work of other successful bidders.
- c. Carry adequate insurance to protect the school district from loss in case of accident, fire, theft, etc.
- d. That all deliveries will be equal to the accepted bid sample.
- e. That the equipment delivered is standard, new, latest model of regular stock product or as required by the specifications; also that no attachment or part has been substituted or applied contrary to manufacturer’s recommendations and standard practice. Every unit delivered must be guaranteed against faulty material and workmanship for a period of at least one year from the date of delivery. If during this period such faults develop, the successful bidder agrees to replace the unit or the part affected without cost to CiTi or school district.

Any merchandise provided under the contract, which is or becomes defective during the guarantee period, shall be replaced by the successful bidder free of charge with the specific understanding that all replacements shall carry the same guarantee as the original equipment. The successful bidder shall make any such replacement immediately upon receiving notice from CiTi or school district.

DELIVERY

48. Delivery must be made in accordance with the instructions to bidders and specifications. If delivery instructions do not appear on order, it will be interpreted to mean prompt delivery. The decision of CiTi or the school district as to reasonable compliance with delivery terms shall be final. If a vendor is bidding a special order item that will extend the delivery time outside of the specified time frame, this must be noted in the bid for consideration during the award process.

49. CiTi or the school district will not accept any deliveries on Saturdays, Sundays or legal holidays, except commodities required for daily consumption or where the delivery is for an emergency.

50. Items shall be packaged securely and properly for shipment, storage and stocking in shipping containers and according to accepted commercial practice, without extra charge for packing cases, bailing or sacks.

51. The successful bidder shall be responsible for delivery of items in good condition at point of destination. He shall file with the carrier all claims for breakage, imperfections, and other losses, which will be deducted from invoices. The receiving school district will note for the benefit of successful bidder when packages are not received in good condition

INTEGRITY RIDER

Notwithstanding anything to the contrary elsewhere in these bid specifications (including any accompanying bid form or bid quotation sheet), or in any language, term, clause, provision, addendum or annex provided by Seller in connection with this bid, Seller's bid, and any contract entered into pursuant thereto, shall be subject to the following terms and conditions (the "Integrity Rider"):

1. *True, Accurate, and Transparent Billing*

It is essential that all invoices (i) be clear and accurate, (ii) include only those charges that are expressly allowed by contract, (iii) disclose the basis for such charges, (iv) be supported by records maintained by Seller, and (v) be subject to verification by Buyer. *Accordingly*, Seller expressly agrees as follows:

- a. Seller shall not, in any manner whatsoever, charge Buyer any price for any item sold pursuant to any contract arising hereunder that in any way exceeds the price permitted under such contract.
- b. Any and all invoices or other requests for payment submitted by Seller shall include or be accompanied by the following information, in each case presented in a manner sufficient to apprise the average reader of its existence and content: (a) the federally imposed minimum milk price or prices applicable to such invoice or request for payment; and (b) a sample calculation demonstrating the method by which the price of 1 % chocolate milk was calculated for such invoice or request for payment. (In the event that Seller does not sell

chocolate milk to Buyer, the sample calculation shall be performed with respect to whole milk.)

- c. Upon request by Buyer, Seller shall provide to Buyer, or any outside accountant named by Buyer, copies of billing invoices and other documents necessary to determine Seller's compliance with the terms of any contract arising hereunder. Further, Buyer, or an outside accountant named by Buyer, shall have the right, upon 10 days' notice, to inspect such invoices and other documents at Seller's premises, and Seller shall provide adequate office space, privacy, and copying services to permit such inspection.

- d. For a period of five years following the term of any contract arising hereunder, Seller shall maintain all invoices, books, records and other documents necessary to comply with the foregoing paragraph.

- e. In the event that any audit conducted pursuant to the above provisions discloses overcharges in an amount greater than 2.5% of total billings in any given month, Seller (i) shall bear the costs of the audit, (ii) shall repay 300% of such overcharges, and (iii) shall be liable for such other penalties as a court might impose for violation of General Municipal Law § 103.

- f. Any overcharge disclosed by any audit conducted pursuant to the above provisions shall immediately be refunded to Buyer, regardless of whether or not such overcharge is greater than 2.5% of total billings.

2. *Fair and Ethical Business Practices*

The Buyer shall conduct business only with vendors who maintain the highest ethical standards and practices. *Accordingly*, Seller hereby certifies, represents, and warrants the following:

- a. Seller shall adhere to fair and ethical business practices during the life of any contract arising hereunder.
- b. During the term of any such contract, the Seller nor any director, partner, principal, officer, employee or agent thereof shall:

Submit to a BOCES, school district, or government office, or any employee or agent thereof, a written instrument that intentionally contains a false statement or false information,

Intentionally falsify business records; or

Give or offer to give money or any other benefit to a school district employee or other public servant with intent to influence that school district employee or public servant with respect to any of his or her acts, duties, or decisions as a school district employee or public servant.

3. *Penalties for Non-Compliance*

This Integrity Rider is of critical importance, and failure to adhere to any of its terms or conditions shall result in forfeiture of any past or future right to payment. *Accordingly*, Seller expressly acknowledges and agrees as follows:

- a. Any right to payment hereunder, whether past or future and whether paid or unpaid, shall be subject to the condition that Seller strictly comply, throughout the life of any contract arising hereunder, with each and every term and condition of this Integrity Rider and with any other certification required of Seller in connection with its bid. In the event of any failure of the foregoing condition, Seller shall have no right of recovery based on *quantum meruit*, restitution, unjust enrichment or any similar legal or equitable principle.
- b. In addition and without prejudice to the foregoing paragraph, Buyer shall be

entitled to all remedies allowed by law for breach of any contract arising hereunder, including remedies for breach of contract, violation of General Municipal Law § 103, or any other applicable law or provision.

c. This Integrity Rider as well as any certification required of Seller in connection with its bid is for the benefit of Buyer and each and every term and condition thereof shall be a material part of any contract arising hereunder.

d. No act or failure to act by Buyer shall constitute a waiver of a right or duty afforded Buyer under any contract arising hereunder, nor shall such act or failure to act constitute approval of or acquiescence in a breach of such contract, except as may be specifically agreed in writing.

4. *Seller's Waiver of Remedies*

It is essential that the supply of school milk not be interrupted or impaired because of any contractual dispute. *Accordingly*, Seller expressly acknowledges and agrees as follows:

a. Seller acknowledges that it can be compensated adequately by money damages for any breach of contract that may be committed by Buyer. Seller agrees that no default, act or omission of Buyer shall constitute a material breach of contract entitling Seller to cancel or rescind the same or to suspend or abandon performance thereof; and Seller hereby waives any and all rights and remedies to which Seller might otherwise be or become entitled to because of any wrongful act or omission of Buyer saving only Seller's right to money damages.

b. Notwithstanding anything to the contrary in these bid specifications or in any contract arising therefrom, in the event that Buyer elects to audit or inspect Seller's

invoices or other documents as provided for in this Integrity Rider, Buyer may withhold any payment otherwise due pending the outcome of such audit or inspection, and Seller's obligation to perform shall remain in full force and effect.

5. *Rules of Interpretation*

It is essential that the integrity of the competitive bidding process be maintained. *Accordingly*, Seller's bid and any contract arising therefrom shall be subject to the following rules of interpretation:

a. In the event of any conflict between these bid specifications and any language, term, clause, provision, addendum or annex provided by Seller, the terms of these bid specifications would govern.

b. Any language, term, clause, provision, addendum or annex provided by Seller that purports to or would have the effect of materially modifying the terms of these bid specifications, including any language, term, clause, provision, addendum or annex that would authorize Seller to "pass on" costs or expenses to Buyer, shall be null, void and wholly unenforceable.

c. Seller's bid and any contract arising therefrom shall be governed by the laws of the State of New York and shall be construed so as to comply in all respects with General Municipal Law § 103, including judicial decisions and other competent legal authorities applying or interpreting § 103.

d. This Integrity Rider shall apply notwithstanding anything to the contrary elsewhere in these bid specifications or in any contract arising hereunder.

ESCALATOR CLAUSE FORMULA FOR PRICE ADJUSTMENTS OF FLUID MILK

The Class I Price is based on the price of butterfat and the price of the remaining skim portion of milk. The price of finished packaged fluid milk products will vary depending on the relative amount of butterfat and skim in the products. The method outlined below is designed to calculate the change in the price of fluid milk products from one month to the next.

Other factors include:

- The Federal Milk Market Administrator’s fee
- The Twenty-cent processor assessment for fluid milk production
- Any over-order premium program such as the Northeast Dairy Compact or New York State Rogers-Allen provision that could be implemented to enhance dairy farm milk prices.
- Any unforeseen government mandated costs.

Please use April 2025 - Syracuse, NY as base amount. These base amounts will be used as an index for any future price increase sought for this bid period.

SAMPLE CALCULATION OF MILK PRICES USED FOR SCHOOL MILK CONTRACTS

- Example based on change for month of March 2025 from February 2025.
- Using Class I Price Information from the Attached “Announcement of Class I Price and Advanced Pricing Factors” for Federal Milk Marketing Order No. 1 (The Northeast Order) for February 2025 and March 2025.
- Note: These prices are for Syracuse, NY; however, the changes are the same for all locations.

Oswego County Board of Cooperative Educational Services

Instructions for the Submission of the Vendor Response Sheet For sealed bid submissions AND electronic bid submissions via BidNet Direct

The Center for Instruction, Technology & Innovation (CiTi) uses electronic bid sheets as part of the Cooperative Bid process. These bid forms with the corresponding bid packets are available on the website at: www.CiTiboces.org/cooperativepurchasing

Copies of the specifications may be also obtained by contacting Holly Cheeley, Bid Specialist at the Business Office of the CiTi, 179 County Route 64, Mexico, New York 13114, by calling (315) 963-4414 or emailing CooperativeBids@CiTiboces.org

The vendor response sheet is an excel document that shall be filled out electronically (in Excel) and submitted on a CD or travel drive (for sealed bid submissions) or uploaded to BidNet Direct (for electronic bid submissions). In addition to the vendor response sheet, each bid submission should include signed hard copies of all the required bid documents and forms. For sealed bid submissions, please include a printed version of the vendor response sheet in a sealed envelope marked with the name of the bidder and the bid number on the front of the envelope. Bid packets and forms must be submitted or uploaded by the date and time specified. Emailed or faxed responses are not acceptable.

NOTE: For sealed bid submission, the CD or Travel Drive must be clearly labeled with the name of the bid, the bid number, and the bidder's name. CDs or Travel Drives not clearly labeled may be rejected.

Completing the Vendor Response Sheet

Bidder must insert the price per unit as specified and the price extension accordingly against each item bid. In the event of a discrepancy between the unit price and the extension, the unit price will govern. Prices shall be extended in decimals, not fractions.

An example Vendor Response Sheet is on the next page. Please refer to this sample sheet when filling out the form. Please do not use the Alternate or Notes area of the bid form to submit bid information. These areas are for BOCES use only.

Bidding an Item as Specified

Unit Cost	Vendor Catalog Number
N12.4	C35

If the bidder is bidding as specified (including manufacturer, color and package size) the bidder should fill in only the Unit Cost and the Vendor Catalog Number fields.

Bidding an Item Other than as Specified

Vendor Catalog Number	Substitute Desc	Subs UM	Subs Unit Cost	Subs Qty
C35	M	C4	N12.4	N11.2

If the vendor is offering a product in which the manufacturer's packaging size is not the same as the packaging requested in the bid specifications, the bidder is required to fill in all substitute fields (subs). The bidder must also adjust the number of packages needed of their product to equal the actual total individual units requested in the specifications. Failure to provide substitute packaging will result in the rejection of the bid item.

Vendor Catalog Number	Substitute Desc	Subs UM	Subs Unit Cost	Subs Qty
C35	M	C4	N12.4	N11.2

If the vendor is offering a substitute item with the same packaging as the items specified, the bidder is required to fill in all substitute fields. The bid software will not recognize the vendor substitute offer if the packaging information is not provided and will not evaluate the bidders pricing for that item. Failure to provide packaging information with a substituted item will result in the rejection of the bid item.

The bidder shall not change or provide the bid sheets in a different format than the one provided. Any change in the electronic format will prevent the CD or travel drive from being read by the bid evaluation software and therefore will result in the rejection of the bidders' submittal.

Failure to adhere to these instructions will constitute grounds for rejection of the bid.

The proposer certifies that it will furnish, the prices herein quoted, the materials, equipment and/or services as proposed on this bid.

II. Non-Collusive Proposal Certification

By submission of this proposal, the proposer certifies that it is complying with Section 103-d of the General Municipal Law as follows:

Every bid or proposal hereafter made to a political subdivision of the State or any public department, agency or official thereof where competitive bidding is required by statute, rule regulation or local law, for work or services performed or to be performed or goods sold or to be sold, shall contain the following statement subscribed by the bidder and affirmed by such bidder as true under the penalties of perjury:

Non-Collusion Bidding Certification

A. By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his knowledge and belief:

- (1) The prices in this bid have been arrived at independently without collusion, consultation, communication or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;
- (2) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and

B. A bid shall not be considered for award nor shall any award be made where (A), (1), (2) and (3) above have not been complied with; provided, however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where (A), (1), (2) and (3) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the political subdivision, public department, agency or official thereof to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that a bidder (a) has published price lists, rates or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning subparagraph A(1).

C. Any bid hereafter made to any political subdivision of the State or any public department, agency or official thereof by a corporate bidder for work or services performed or to be performed or good sold or to be sold, where competitive bidding is required by stature, rule, regulation or local law, and where such bid contains the certification referred to in subdivision A of the section, shall be deemed to have been authorized by the Board of Directors of the bidder, and such authorization shall be deemed to include the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.

BUY AMERICA PROVISION IN THE NATIONAL SCHOOL LUNCH PROGRAM

Buy American Provision Requirements. Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 (Public Law 105-336) added a provision, Section 12(n) to the National School Lunch Act (NSLA) (42 USC 1760(n)), requiring school food authorities (SFAs) to purchase, to the maximum extent practicable, domestic commodities or products. This Buy American provision supports the mission of the Child Nutrition Programs, which is to serve children nutritious meals and support American agriculture.

The Buy American provision applies to SFAs located in the 48 contiguous United States and is one of the procurement standards these SFAs must comply with when purchasing commercial food products served in the school meals programs. Although Alaska, Hawaii, and the U.S. territories are exempt from the Buy American provision, SFAs in Hawaii are required to purchase food products produced in Hawaii in sufficient quantities, as determined by the SFA, to meet school meal program needs per 7 CFR 210.21(d)(3). Likewise, SFAs in Puerto Rico are required to purchase food products produced in Puerto Rico in sufficient quantities, under 42 USC 1760(n)(4).

Section 12(n) of the NSLA defines “domestic commodity or product” as an agricultural commodity that is produced in the U.S. and a food product that is processed in the U.S. substantially using agricultural commodities produced in the U.S. Report language accompanying the legislation noted that “substantially means over 51% from American products.” Therefore, over 51% of the final processed product (by weight or volume) must consist of agricultural commodities that were grown domestically. Thus, for foods that are unprocessed, agricultural commodities must be domestic, and for foods that are processed, they must be processed domestically using domestic agricultural food components that are comprised of over 51% domestically grown items, by weight or volume as determined by the SFA.

For products procured by SFAs for use in the Child Nutrition Programs using nonprofit food service account funds, the product’s food component is considered the agricultural commodity. FNS defines food component as one of the food groups which comprises reimbursable meals. The food components are: meats/meat alternates, grains, vegetables, fruits, and fluid milk. Please refer to 7 CFR 210.2 for full definitions. Any product processed by a winning vendor must contain over 51% of the product’s food component, by weight or volume, from U.S. origin. This definition of domestic product serves both the needs of schools and American agriculture. Products from Guam, American Samoa, Virgin Islands, Puerto Rico, and the Northern Mariana Islands are considered domestic products under this provision as these products are from the territories of the U.S.

Implementing The Buy American Provision SFAs are reminded that for all procurement transactions for food when funds are used from the nonprofit food service account, whether directly by an SFA or on its behalf, procurement transactions must comply with the Buy American provision. Implementation of the Buy American provision should be done by: including Buy American in documented procurement procedures, State agency prototypes documents, and all procurement solicitations and contracts; including domestic requirements in bid specifications; contract monitoring; and verifying cost and availability of domestic and non-domestic foods using data in the USDA Agricultural Marketing Service’s (AMS) weekly market report at <https://marketnews.usda.gov/mnp/fv-report-config-step1?type=termPrice>.

The Buy American Provision Supports Local And Small Businesses Using food products from local sources supports local farmers and provides healthy choices for children in the school meal programs while supporting the local economy. Requiring compliance with the Buy American provision also supports SFAs working with local, or small, minority, and women-owned businesses as required by Federal regulations (see 2 CFR 200.321). FNS also encourages purchasing food products from local and regional sources when expanding farm to school efforts.

USDA Foods Comply With Buy American Requirements FNS encourages SFAs to maximize their use of USDA Foods, which comply with Buy American requirements. USDA Foods are domestic and purchasing from 100% domestic origin sources is a longstanding USDA policy based on Section 32 of the Agriculture Act of 1935 (P.L. 74-320 as amended; 7 U.S. Code 612c). However, processed end products that contain USDA Foods need to meet the 51% domestic requirement, by weight or volume.

Limited Exceptions To The Buy American Provision There are limited exceptions to the Buy American provision which allow for the purchase of foods not meeting the “domestic” standard as described above (i.e., “non-domestic”) in circumstances when use of domestic foods is truly not practicable. These exceptions, as determined by the SFA, are:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.
