

What do I do on a home district half-day or if my district is closed and PTECH is open?

Home district early releases and closures are handled on a case-by-case basis.

On many district half days, PTECH students will have a full day with transportation provided from their home district, but this is not guaranteed. We will communicate with students regarding whether they will receive transportation for the full or half day approximately one week before the half day as this directive comes from the Superintendent level.

If your school has a staff development day while we do not, we do not expect your student to attend school as district transportation will not be provided. However, if you inform us that your child will be coming, they may receive parent transport. On those days, we will provide supervision from 8:15 AM to 3:30 PM for parents who cannot arrive by the usual 2:30 PM pickup time. As a reminder, our building hours are 8:30am - 2:30pm.

If you have any transportation questions, please contact your home district transportation department.
