

**OSWEGO COUNTY
BOARD OF COOPERATIVE EDUCATIONAL SERVICES**

NEW YORK

**COMMUNICATING INTERNAL CONTROL
RELATED MATTERS IDENTIFIED IN AN AUDIT**

For Year Ended June 30, 2022

MENGEL METZGER BARR & CO. LLP

Certified Public Accountants

October 7, 2022

To the Board Members
Oswego County
Board of Cooperative Educational Services, New York

In planning and performing our audit of the financial statements of Oswego County Board of Cooperative Educational Services, New York as of and for the year ended June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered Oswego County Board of Cooperative Educational Services, New York's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Oswego County Board of Cooperative Educational Services, New York's internal control. Accordingly, we do not express an opinion on the effectiveness of Oswego County Board of Cooperative Educational Services, New York's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses. However, as discussed below, we identified certain matters involving the internal control and other operational matters that are presented for your consideration. This letter does not affect our report dated October 7, 2022 on the financial statements of Oswego County Board of Cooperative Educational Services, New York. We will review the status of these comments during our next audit engagement. Our comments and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control or result in other operating efficiencies. Our comments are summarized as follows:

The BOCES' written responses to the deficiencies identified in our audit have not been subject to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Prior Year Deficiencies Pending Corrective Action:

Deficit Fund Balance – Preschool Program –

As a result of fiscal stress related to cost screens and difficulties with the State reimbursement process, the BOCES transitioned the Preschool Program to private providers as of June 30, 2011. The BOCES will be working closely with the State Education Department to close out the program in order to maximize their reimbursement; however, a deficit fund balance remains, and there was no progress made this year.

The BOCES is in the process of working with Districts regarding the revenue shortfalls. We recommend the BOCES consider contacting the Commissioner of Education and request a formal opinion as to the specific process to follow when eliminating this deficit.

BOCES' Response –

In June 2022, BOCES provided the usual annual update to districts regarding the deficit status of these programs as well as each District's respective (theoretical) share. It is our understanding that districts are setting these amounts aside in the event a statutory authorization to make these payments materializes. Our BOCES is not the only one in this situation and conversations are ongoing at the state level among NYSED officials and BOCES District Superintendents to determine how these deficits can be addressed. This process is beyond our ability to schedule or control, but as we understand it, talks progress slowly as priorities permit. Our intent is to continue allowing the time needed to see what guidance develops. Upon receipt of resulting NYSED or statutory guidance, we will discuss with our Districts to determine a reasonable approach in line with the guidance to eliminate the deficits.

Adult Education Programs/Career and Community Education –

We noted the BOCES had an operating loss of \$53,694, which increased the total deficit fund balance to (\$123,722), in the Adult Education and Enrichment Programs.

We recommend the BOCES continue to monitor the Adult Education program in order to eliminate the program deficits.

BOCES' Response –

These programs continued to be negatively impacted by lingering impacts of the COVID-19 pandemic. Also, low unemployment rates experienced in the region had a deleterious impact through reduced registrations. As such, enrollments were lower, and some slated sections were unable to run. However, programs qualified for and received Federal stimulus funds again this year, which helped reduce deficits.

Budget development and monitoring continues to be completed in a meticulous, organized fashion. The oversight structure includes a dedicated budget liaison who works with the Coordinators of the Adult CTE, Literacy and Health Occupations programs. Budgets are built on realistic enrollment estimates, based on recent history, and tuitions adjusted where possible to balance. However, budgets are tight and when minimum enrollments are not met (i.e.: non-completers, student dismissals), cuts are usually not sufficient to correct deficits. However, such information is considered for the next budget cycle. Budget monitoring occurs daily, with formal meetings scheduled approximately November 10th, March 10th, and June 10th each year. Budget development for the new year is scheduled for March 13th, 2023.

For 2022-23, decisions were made in the budget process to drop low/non-enrolled programs and focus instead on consistently enrolled programs and increasing corporate training efforts. Also, advertising efforts are increasing through catalogs, social media, lawn signs, billboards, and other means, which we hope will raise community awareness and generate enrollments.

Prior Year Recommendations:

The prior year recommendations have been noted above.
